

Don't just take our word for it, listen to what our customers are saying;

"Switching over to TTC was easy and without any interruption to our service. The savings were significant and have gone a long way to enabling us to achieve our target reduction in communications costs"
Trevor Klien
Finance Director
FOREX TG

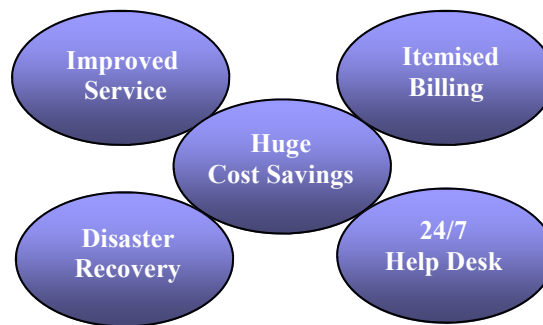

"The network stays the same but the level of support and service dramatically improves with the 'Site Assurance' Package. Combined with the large cost saving this really is a win-win solution"
Paul Parish
VTB Bank

Free Telecoms Efficiency Audit

TTC Communications are currently saving businesses around 30% on their calls and 15% on their line rental. To find out how much your business could save, take advantage of our hugely successful free telecoms efficiency audit.

The whole process is very quick, requires minimum effort and you can benefit in the following ways;

- Reduction in costs from day one.
- Your telephone numbers stay the same and the transition is seamless with no disruption to your current set up.
- Quality will not be compromised as all calls and lines will remain over the BT network. The only change you will see is a billing change in that your bill will come from BT via TTC Communications.
- You will be assigned a dedicated account manager who can advise you on future savings, ongoing management and any new promotions ensuring your business gets the latest benefits.
- Immediate response 24 hours a day, 7 days a week and 365 days a year from our help desk in case of any faults.

If you would like to find out more about our free telecoms efficiency audit with disaster recovery option, then please get in touch and we will happily answer any questions you may have.
